IWAI REQUIRES DESIGN ENGINEERS FOR PORT DEVELOPMENT

Applications invited from Civil Engineers having experience in, design, detailed drawings, estimation of bill of quantities and preparation of detailed technical specifications for construction of an RCC integrated Port & IWT terminal suitable for 30,000 DWT ships including ancillary structures like transit sheds etc. at Sittwe (Myanmar). The proposed jetty will have roughly 130 mtr long RCC approach and 250 mtr. long berth. Similar activity is to be carried out in respect of Inland Water Transport terminal at Kaletwa (Myanmar) on Kaladan river.

Candidates should possess Civil Engineering degree, preferably with post graduation in structural engineering and minimum 15 years work experience in port structures. The engagement will be on contract basis initially for one year extendable on performance and need basis. Place of posting will be Noida. Remuneration will be commensurate with qualification and experience. Interested candidates may furnish their C.V. through post / e-mail within 10 days of publication of this advertisement.
